Córdoba, Argentina

<https://www.linkedin.com/in/carla-borda/>

Professional Summary/ Perfil Profesional

Interior Designer with solid training in spatial design, project planning, and user-focused solutions, combining creativity with technical precision. Focused on implementing functional and sustainable solutions through rigorous project methodologies and contextual analysis. Experienced in applying ergonomic criteria, selecting eco-friendly materials, and designing for the operational efficiency of institutional spaces. Advanced proficiency in digital tools (SketchUp, AutoCAD, Revit, V-Ray) and skills in evidence-based design, sustainability, and usability.

Education/ Formación Académica

National University of Córdoba

Certified English Public Translator (In progress)
2019 – Present

Provincial University of Córdoba (UPC)

Interior Design Technical Degree
2022 – 2024

Professional experience/ Experiencia Profesional

Interior Designer – Freelance Projects

Córdoba / Remote — 2024 – Present

- Development of customized residential projects: kitchen, bathroom, living room, and laundry design.
- Comprehensive consulting on layout, materials, lighting, and furniture.
- Preparation of technical documentation, renders, and presentations for private clients.
- Coordination with suppliers and remote service to international clients.

Highlighted Project:

Bathroom and laundry room design for a single-family home in Switzerland – Villa Monge

- Spatial optimization with custom furniture.
- Material selection based on European standards.
- Communication in English and remote delivery.

Real Estate Management Assistant

Inmobiliaria Borda – Córdoba, Argentina
January 2023 – March 2025

- Support in administrative tasks related to rental contracts and renewals.
- Monitoring of payments, issuance of receipts, and management of due dates.
- Communication with tenants and property owners to resolve inquiries.
- Organization of physical and digital files using office tools like Excel.
- Developed administrative skills, customer service, and efficient problem-solving.

Intern – Interior Design & 3D Rendering

Big Bear Vans – California, USA (Remote)
April 2025 – September 2025

- Collaborated on the interior design of custom vehicles, participating in all stages of the creative process.
- Created 3D models and photorealistic renderings for internal presentations and client proposals.
- Utilized specialized software: Blender, SolidWorks, AutoCAD, and rendering tools for design visualization.
- Coordinated with engineering, marketing, and management teams to align design, costs, and production timelines.
- Contributed to real client projects, optimizing space layouts and supporting material selection.
- Developed skills in remote work, English communication, and collaboration with multidisciplinary teams.

Skills/ Habilidades
